2009 Awards and Recognition

eClinicalWorks is a highly decorated application, winning dozens of awards over the years, including numerous TEPR awards and being named Inc. Magazine's Inc. 500 list of the fastest-growing private companies in 2008 and 2007. Our customers are also being recognized for the success they have had using eClinicalWorks, with three customers receiving HIMSS Davies Awards in 2009 and 2008, which honor excellence in implementing electronic health records (EHRs).

2009 Davies Award

An eClinicalWorks customer received 2009 Davies Awards by the Healthcare Information and Management Systems Society (HIMSS). The awards, which honor excellence in implementing electronic health records (EHRs), was presented in the Community Health Organizations category and announced on September 22, 2009.

Since 1994, the HIMSS Nicholas E. Davies Awards of Excellence Program honors achievement in the implementation and use of health information technology, specifically electronic health records, for healthcare organizations, private practices, public health records, for healthcare organizations, private practices, public health entities, and community health organizations. The Davies Award is based on an evaluation framework modeled after the Baldrige Award. Your eC

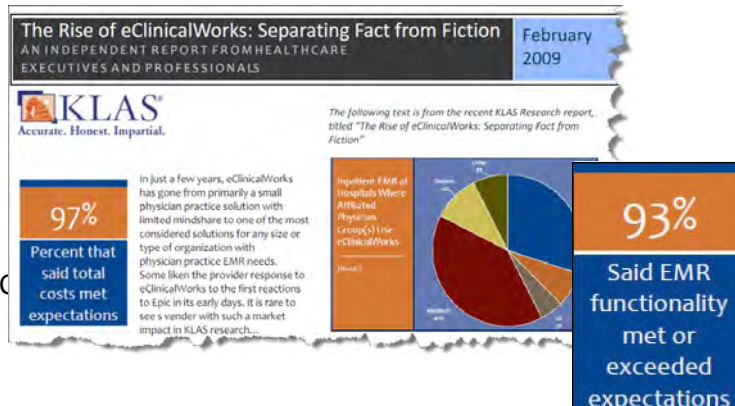

KLAS

eClinicalWorks received Best in KLAS 2009, for EMR for Ambulatory EMR (26-100 Physicians).

In a separate February 2009 research report from KLAS, "The Rise of eClinicalWorks: Separating Fact from Fiction," the independent healthcare technology evaluator comments enthusiastically on eClinicalWorks ability to deliver a healthcare solution that matches the high expectations of providers looking for a solid, cost-effective solution. In a quote from the report, KLAS states the following:

"So, is eClinicalWorks the sensation that it claims to be? The answer from today's providers is definitely yes. Functionality, cost, and ease of use are the primary reasons why customers have purchased eClinicalWorks."

Inc. 500

Every year, Inc. magazine ranks the 500 fastest-growing private companies in the U.S. by revenue.

- eClinicalWorks was named to the Inc. 500 list of fastest-growing private companies in 2009
- eClinicalWorks has also been named to the 2008 Inc. 500 list
- eClinicalWorks is ranked #34 on the 2007 Inc. 500 list. The company is also the fourth fastest-growing company in the software industry from that list.

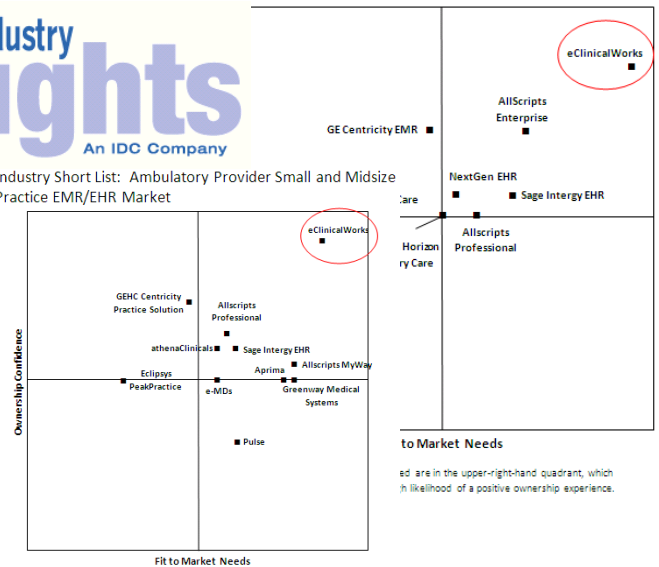

Health Industry Insights

In two separate reports released by IDC Health Insights eClinicalWorks Earns High Scores for its EMR in Small, Midsize and Large Practices. The reports, *The Industry Short List of Electronic Health and Electronic Medical Records for Large Ambulatory Practices* and *Vendor Assessment: The Industry Short List of Electronic Health and Electronic Medical Records for Small and Midsize Ambulatory Practices*, provide research-based advisory and consulting services focused on market and technology developments in the healthcare industry. eClinicalWorks earned high scores in technology offering and financial viability, surveying vendors and its customers based on comprehensive assessment criteria measuring how well its applications fit market needs and the confidence current customers have in the solutions.

Industry Short List: Ambulatory Provider Large Practice EMR/EHR Market

Industry Short List: Ambulatory Provider Small and Midsize Practice EMR/EHR Market

Note: Those IT suppliers that are best positioned are in the upper-right-hand quadrant, which represents a high fit to market needs and a high likelihood of a positive ownership experience. Source: IDC Health Insights, 2008
