Infinite Income Loop  
by TRADESMITH™

Enter *Infinite Income Loop* — our incredible income generating research tool.

It's a system that takes the guesswork out completely.

It does everything except physically placing the trade for you.

And when it comes to calculating whether a trade will pay off — and how much — BEFORE you decide to place a trade...

## Nothing comes close to *Infinite Income Loop*.

We first went public with this cutting-edge profit-generating tool in early 2022.

And despite some of the worst market turmoil in recent history...

While people's accounts were shrinking before their eyes... and the Dow was shedding hundreds of points per day...

You could have made money on nearly 9 out of every 10 of *Infinite Income Loop's* recommendations!

Every week, *Infinite Income Loop's* system pinpoints the TOP stock primed to pay the MOST cash with the LEAST risk.

You can make these income trades every single week.

And month after month, our options trading tools have allowed subscribers the opportunity to collect *thousands* of dollars.

People like Todd S., who wrote in to say...

*“I have gained approximately \$18K since February.*

– Todd S.

”

Another TradeSmith member writes...

*“90%+ success rate without having to tweak the option trade prior to expiration date.*

”

And Ken G. says...

*“Only had it for two weeks, have done five put credit spreads on KSS, OXY and TSLA, all for profits! \$2,120.00 profit on put credit spreads [...] Bought a put on GGG, bought back early with a \$522.90 profit!*

– Ken G.

”

*These are verified customers. Past performance doesn't guarantee future results.*

*\*\* The investment results described in these testimonials are not typical. Investing in securities carries a high degree of risk; you may lose some or all of the investment.*

Do you realize what that means?

If the stock market is having a bad month or a bad year, you could still make significant consistent income.

Even *though* the market was going through one of the most volatile periods in recent history...

*Even though* everyone was getting out of stocks and retreating into cash...

*Even though* people were sweating bullets trying to find any safe haven...

*Infinite Income Loop* could have rewarded you with thousands of dollars in extra income potential.

The beauty of *Infinite Income Loop* is how it allows you to play just one stock for a few minutes a week... to generate cash flow faster than you imagined, over and over again.

And it's just as easy to use as it is powerful.

All the instructions... the probability of profit... the potential return on investment...

Everything is handed to you.

There's nothing new for you to learn... no complicated strategies for you to worry about.

Essentially this distills your EXTRA cash potential down to its simplest and most lucrative parts.

In fact, even though the market was going nuts over the last few months, you could have collected MULTIPLE upfront payouts...

✓ 4 payouts in November

✓ 5 payouts in February

✓ 3 payouts in December

✓ 4 payouts in March

✓ 3 payouts in January

✓ 4 payouts in April

And there's no sign of slowing down.

Most folks are blown away by the reward potential of this system.

Which is why I've arranged for you to receive a FULL 12 MONTHS of access to *Infinite Income Loop* — for more than 80% OFF the normal price.

In other words — while a year of *Infinite Income Loop* normally costs \$599 a year...

Through this one-time-only offer, you can try a full year for just \$79.

This is likely the biggest “no-brainer” we've offered you today.

And again, you are ONLY seeing such an extreme discount because of your commitment to discovering ways to safeguard and grow your wealth.

There's no other way I've seen that could help you collect upfront income this fast.

One of TradeSmith's *Platinum* Members, Alex M., even wrote:

“*I've hit on about 80% of my trades. First place I go to [for] ideas or confirmation.*

– Alex M.

”
